

DEPARTMENT OF MEDICAL ASSISTANCE SERVICES EMPLOYMENT OPPORTUNITY

This Agency is charged with ensuring proper **MEDICAID** services to qualified recipients. Please visit our website and the Commonwealth of Virginia's website referenced below for additional information and qualifications.

DIRECTOR, HEALTH ECONOMICS AND BUSINESS INTELLIGENCE

Role Title: General Administration Manager III

Position: #01099

Pay Band 7, Level I Hiring Range: \$74,913 – \$135,000

Closing Date: October 9, 2017

The Virginia Department of Medical Assistance Services is seeking a Director of Health Economics and Business Intelligence to support the Agency in acquiring and transforming data into meaningful and useful information for business analysis purposes. Reporting to the Director of DMAS, this position will manage the Office of Data Analytics, as well as directly manage Business Intelligence analysts. This position is responsible for providing the “data story” to educate and inform state policymakers on DMAS programs intended to improve the clinical outcomes of the Commonwealth’s 1.1 million Medicaid and FAMIS beneficiaries, while promoting cost effective and efficient delivery of care. The Director of Health Economics and Business Intelligence will oversee the design and development of the business intelligence and analytics strategy for the Agency, and will provide leadership and support for large, complex health informatics projects. Qualified applicants must have comprehensive knowledge of Medicaid, including Fee-for-Service and Managed Care. Requires experience working with health plans’ operations and data (encounters, claims, clinical quality, etc.), with a working knowledge of state and federal Medicaid policy and regulatory reporting requirements. Requires extensive experience in real world health analysis, and in using data to identify drivers of cost, coverage and utilization trends, to make recommendations on actionable findings, and to evaluate and inform Medicaid policies and their impacts. Must have strong quantitative analysis and problem-solving skills, with a focus on clinical qualitative interpretation, data visualization and reporting for outcomes. Requires strong project coordination and leadership skills with demonstrated ability to set priorities and utilize innovative data approaches to lead strategic change and influence business process reengineering. Must have highly effective interpersonal skills, and with proven ability to both effectively manage direct teams and work collaboratively across teams. Must have excellent written and verbal communications skills, including demonstrated ability to prepare and present reports on complex concepts and findings to all levels of the organization. Requires technical proficiency including office productivity software with ability to speak to both business and technical resources internally and externally. Advanced degree in Business, Information Systems, Finance, Math, Economics, Statistics or related field preferred with progressive experience in business intelligence and/or analytics in a health care/health insurance environment; Ph.D. strongly preferred. **Pursuant to Sections 2.2-3115 and 2.22-3115 of the Code of Virginia, this position has been designated to file a Statement of Economic Interests Form at the time of employment and annually thereafter.**

ONLINE STATE APPLICATION REQUIRED

Resumes will not substitute for state applications. DMAS will only accept online applications submitted through the RMS by **11:59 p.m.** on the referenced closing date. Faxed, emailed, or hand delivered applications or resumes will not be accepted and resumes will not substitute for a complete state application. Applications must include

complete work history, including periods of unemployment if applicable. Consideration for an interview is based solely on the information within the application.
